DV - Plating, Selective Electroplate		X		Approved for AMS 2451/1; MIL STD-865; S-414; AMS 2403; AMS 2424. Processing limited to OEM and to repair Ni plate prior to braze operation.
Remarks: Certification issued in recognition of Nadcap accreditation.				
<p>This is to certify that a review has been completed of your technical resources and quality system controls used for the above named process(es) and found them to be capable of satisfying the requirements of the above specifications, subject to the limitations in AE Quality Specification S-1000 for Category I or II Suppliers. This does not in itself constitute a waiver of specification requirements as to inspection, testing, maintenance of records, and/or other provisions of the Purchase Order/Sub Contract, nor does it guarantee the acceptance of articles produced for the General Electric Company. Requirements for the submission and qualification of individual parts/samples or other items as contained in specifications, engineering drawings or Purchase Order will be completed as outlined. Inspection of the facilities for which this certification is granted may be conducted at any time by an Aviation Representative to determine continued compliance with Aviation requirements.</p> <p>The Certification shall expire at the end of Jan-31-2010 unless canceled by an Aviation representative.</p>
